

GOOD SHEPHERD CREATIVE PLAY 3-YEAR-OLD AND 4-YEAR-OLD CLASSES

Three- and four-year-old children's curiosity and desire to learn is encouraged and nurtured through classroom play and activities. We understand social interaction is a vital component of preschool. At Creative Play all children have the opportunity to learn through play. Children will learn important skills like critical thinking; problem solving; imaginary play and continued developing language along with developing their small and large motor skills. Children of these ages begin to develop greater independence, self-control, and personal creativity. We are here to not only support their personal needs but to encourage them to go beyond in a nurturing environment.
